1. Cyclocross race and beer garden – Mike Neary, V.P. Western Howard County Cycling was in attendance to discuss the Cyclocross event on October 4. 2. Workforce Housing – Mayor Shaw made a statement to the public in reference to the parcel of land in Carroll County that the Town is interested in annexing. He indicated a developer was interested in building workforce housing on this piece of property. In order to pursue this development, the developer would have to address environmental concerns and transportation issues. The Mayor and Town Council thought the developer, would be able to address these issues. There was a grant and a tax credit application available to pursue this endeavor. The Mayor and Town Council agreed to apply for this grant knowing there would still be many steps in the review process before this project would become a reality. As the Town learned more, the Mayor and Town Council decided that they were not comfortable moving forward in the short time available before the tax credit application was due. The Town has decided to withdraw its grant application and requested Enterprise
Homes not to pursue the tax credit application. This is not a reflection on Enterprise, they are a highly regarded development group. The Town is still interested in pursuing the annexation of the property. This also highlights the need for the Town to undertake a visioning and strategic planning process to clarify goals and priorities.

3. **State Highway Administration (SHA) Streetscape Concept** – Ayende Thomas, Moveshwar Kulkarni and Vivian Berra-Figuereod were in attendance from SHA to discuss the status of the concept plan. The presentation was to allow the Mayor and Town Council to review the concept and provide feedback on the proposed sidewalk and parking on Main Street. The concept that was presented showed 7’-8’ sidewalks with 10’ travel lanes. It included parking and sidewalks on both sides of the street. Parking will be on the south bound side from Church to Sandosky and on the north bound side from Sandosky to the edge of the Town House property. The concept plan also included an enlargement area from the gazebo past the Town House to make the sidewalk either 15’ or 20’. This area could be used as a gathering area for events. The Mayor and Town Council liked the concept.
